"We are very pleased with our fiscal Q2 and six-month revenue results, reflecting our commitment to continuous growth of our customer base and global presence," said, Harry Simeonidis, President and Chief Executive Officer at Intelligent Bio Solutions. "Our product sales have grown significantly, up 30% for cartridges and 91% for readers in the six months ending December 31, 2023, compared to the same period last year. This increase in volume has boosted our revenue growth to over 110% year over year, and we are seeing a growing awareness of our drug screening solution as we enter new markets and expand our global footprint. Last year our expansion into New Zealand marked a significant milestone, and we anticipate further expansion throughout the Asia-Pacific region this year. We aim to sustain this rapid trajectory throughout 2024."

Fiscal Second Quarter & Recent Highlights:

- Entered the New Zealand market, marking a key milestone in the Company's Asia Pacific expansion strategy.
- Increased customer portfolio to include VKVP Haulage, State Road Constructions, Titan Cranes and Rigging Pty Ltd. and P&O Ferries. Additionally, the company reported the successful completion of 25,000 Intelligent Fingerprinting tests by its existing customer, Auctus Management Group.
- The National Association of Testing Authorities (NATA) accredited Intelligent Bio Solutions' laboratory partner, Racing Analytical Services Limited (RASL), to perform its fingerprint confirmatory drug testing procedure. This accreditation serves as an independent benchmark for technical validation, demonstrating the Company's commitment to product quality, safety, and reliability for its customers.
